## 👤 Profile

I'm a second year software engineering student at ENSIT passionate about full-stack development, AI and problem solving. I'm looking for a 2-3 month summer internship where I can apply my skills, learn from experienced developers, and contribute to meaningful projects.

## 🎓 Education

<b>Software Engineering Student</b> <i>ENSIT- Ecole Nationale Supérieure Des Ingénieurs De Tunis</i>	2023 – present   Tunis, Tunisia
<b>Preparatory Cycle Diploma for Engineering Studies in Mathematics and Physics</b> <i>IPEIS - Institut Préparatoire aux Etudes d'Ingénieur de Sfax</i>	2021 – 06/2023   Sfax, Tunisia
<b>Bachelor's Degree in Mathematics</b> <i>Lycée Pilote Gafsa</i>	2018 – 06/2021   Gafsa, Tunisia

## 💼 Professional Experience

<b>Summer Internship - Coding Betounsi</b> <i>Coding Betounsi</i>	07/2024 – 08/2024   Tunis, Tunisia
--	------------------------------------

- Developed a **full-stack Point of Sale (POS) application** using **Angular** and **FastAPI (Python)**.
- Integrated **authentication and role-based access control** for secure user management.
- Optimized database queries for better **performance and scalability**.
- Received **code reviews** and applied feedback to improve **code quality and best practices**.

## 📁 Projects

### ProjectSync – University Project Management Web App [🔗](#)

Stack: React Js, .NET, PostgreSQL

Created a Trello-like project management platform with workspaces, kanban boards, **real-time collaboration**, task tracking, and **role-based** access. Built a **RESTful API** with ASP.NET [🔗](#) Core, optimized queries with **PostgreSQL**, and improved UI/UX with **React js**.

### MedLink – Cross-Platform Medical Appointment & Document Management App [🔗](#)

Stack: Ionic 6+, Angular, Flask, MongoDB

Built a **mobile app** for managing appointments and consultations, with **role-based** access for patients and doctors. Integrated secure **document sharing** for reports and prescriptions. Designed a **RESTful Flask API** and implemented a responsive UI using **Ionic** for a smooth cross-platform experience.

### Aesthetica – Aesthetic Clinic Management Web App [🔗](#)

Stack: Angular, Node.js, PostgreSQL

Aesthetica is a **web app** for managing aesthetic clinic operations, built with **Node.js** and **Angular**. It offers a seamless experience for clients and staff to manage appointments, treatments, and client records.

## 📜 Certificates

- Code Her Ways 2.0 Hackathon [🔗](#)
- Enicar Coding Arena : Hunter x Hunter Edition
- GeeksHack 4.0 Hackathon [🔗](#)
- Cisco Certified Network Associate (CCNA)
